

## 公司概况 Company introduction

---

德国史莱宾格公司成立于1989年，是一家致力于开发、生产和销售创新的建筑材料测试系统的公司。为世界各地用户提供用于环境模拟、变形测量和流变等测试实验用系统设备。产品范围主要涉及混凝土流变仪、混凝土收缩/膨胀实验仪和冻融实验机等。

公司与国内外很多科研单位成功地建立了密切的科技与商业合作关系。我们的主要宗旨之一，就是经常向中国同行推介最先进的高科技产品。我们推介的产品不仅性能可靠，经济效益好，而且都是中国专家所需要的产品。对此我们感到非常骄傲。这种成功的合作关系一定会在将来的岁月里不断开花结果。

Schleibinger Geräte Teubert u. Greim GmbH Founded in 1989

We are developing, building and selling innovative test systems for building materials.

We now supply our customers worldwide with systems for enviromental simulation, deformation measurement, and rheometrical tests.

In cooperation with our customers we are developing new test systems for the building materials of the future. Our goal is to supply advantage High-Tech products to Chinese experts. Our products not only has reliable capability, but also economic, which Chinese experts will need it. We are so proud of it and the fruitful cooperation will certainly be enhanced continuously in the years to come.
