

CDF-Accessories

Sonorex Super RK 514

Ultrasonic Cleaning Apparatus, for removing loose parts from the concrete surface. Inner size 320x300x150 mm. HF Power 2 x 450 W
Order Code: C0014

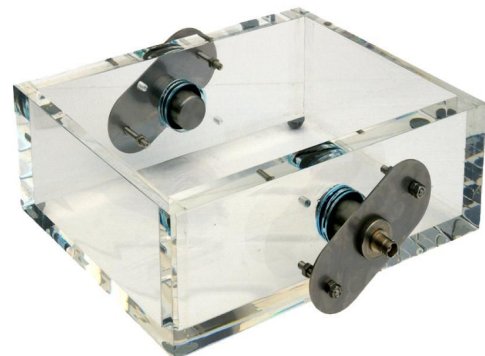

Pundit 7

Ultrasonic Digital Indicating Tester. For measuring the transition time, incl. 80 kHz or 54 kHz transducers.
Ultrasound couplant, two 3,55 m cables, complete with plugs, manual and carrying bag.
Order Code: C0055

Ultrasonic Test Container

For 150 mm specimens, made of PMMA. With long transducers allowing the testing of specimens of 110 x 150 mm size.
Other sizes also available
Order Code C0026

Specimen Carrier 100 x 150 mm C0136

Stainless steel plate. During the ultra sonic transition time test, the specimens are placed on this plate to avoid loss of scaled material, for specimens with a maximum size of 110 x 150 mm. Other sizes available.

Order Code: C0136

Specimen Container GNB1/2

150x150 mm , 10 fits into the CDF machine
other sizes also available

Order Code GNB1/2

Lid: GD-B 1/2

Specimen Container for the Cube Test

made of 2 mm thick stainless steel, for two 100x100x100 mm cubes. Including lid and special spacers. A maximum of 15 containers fit in the CDF apparatus.

Order Code: C0114

Hopper Container C0017

container for 10 hoppers, with water-tap.

Water Jet Pump

Unit for adjusting liquid level. The suction device consist of a capillary tube with a spacer that is connected with a water jet pump to suck up the excessive liquid in the test containers.

Order Code: C0030

PTFE Disks

according to the RILEM recommendation for preparing the CDF/CIF specimens. With hydrophobic surface serving as mould inlet.

Order Code: C0113

PTFE Disks H-Form

according to the DIN-CEN TS 12390-9

Order Code: C0035

Aluminium Foil with Butyl Rubber

Lateral sealing for the CDF specimens. Durable at -20°C, resistant against attack of de-icing solution.

Length: 5.0 m; Width 7.5 cm

Order Code: C0021

Spacer 5mm C0040

made of PVDF. At least 3 pieces are recommended for each specimen

Order Code: C0040

Also available 10mm

Order Code: C0038

Filters

100 pcs each package

Order Code: C0019

Liquid Coolant

23 kg bulk

Order Code: C0031

Dot Strip Recorder

6 channels incl. digital display and textual messages

Order Code: C0031
